Aflame (Hornberger), 1925. The colossus of the Prim-Grand type, a real giant in size, the largest flower on exhibition, 1927, at New Bedford, Mass., Glad Show where it exceeded Mrs. Leon Douglass in size and was a prize winner, as well as at Hartford, Conn. For all its gigantic size it has all the grace and beauty of the primilinus types. See price list. In a letter from Mr. Charles E. F. Gersdorff, dated January 7, 1928, he says: "'Aflame' ought to be very popular with our Australian friends. It sure is a topnotcher."—Mr. Charles F. Gersdorff.

Blue Torch (Hornberger), 1925. Was introduced as "Improved Ewbank" and name changed to Blue Torch in 1926. Mr. Elmer Gove, noted Vermont grower, purchased a large part of this stock in 1926. Taller than Muriel and Ewbank, flowers same time as latter variety, somewhat lighter in color, name descriptive. See price list. Color class, pale violet.

Brown Wings (Hornberger). New giant prim of most unusual coloring. No stock for sale this season. \$10.00 each; bulblets, \$1.00; delivery fall of 1928.

Hamburg Pink (Hornberger). New 1928, rated 92, exceptional new pink extra large flowers of a very bright color, and quite early, very fine florists' flower. Offered as A. G. S. Prize. See last page.

Mrs. Catherine Edwards (Hornberger), New 1928. A new cream white of wonderful substance and form, flowers in 70-75 days. Named in honor of originator's mother. An extra strong plant, heavy dark foliage, five to five and a half feet high, strong straight spike, none crooked, 25 to 30 perfectly placed buds to a spike, which open 9 to 12 extra large flowers at one time. Color a pure creamy white, edges of petals lightly frilled, one of the most outstanding Glads ever produced; florets, five and a half to six inches. A rapid propagator, bulbs one inch and larger, \$100.00. No small bulbs or bulblets this season. The most impressive large show white we have ever grown. Will be grown by the million when plentiful.

Mrs. F. C. Hornberger (Hornberger), 1925. In place of our own description we give below the description which appeared in the 1925-26 catalog of Louis G. Rowe, noted New England grower and exhibitor, owner of the Seabrook Nurseries at Seabrook, N. H. After growing this variety one year and before its first exhibition at Hartford, Conn., September, 1926. His 1925-26 catalog states: "We have grown a good many white Gladioli but never have seen a more beautiful creation than this variety. It is positively one of the finest Glads. ever produced, and will rank as the leading white, nicely ruffled, wide open, perfectly placed bloom of remarkable texture, with 28 buds to the spike, strong sturdy and very vigorous grower; commercially rated by Mr. Gersdorff at 96. A genuine thrill is in store for you when you see this variety. (Seabrook catalog). Mrs. F. C. Hornberger, first time exhibited, Hartford, Conn., September, 1927, won first for best spike in the show, and at Boston, Mass., August, 1927, won CHAMPIONSHIP CUP for best three spikes in the show, and first on pure white variety. We have letters and comments praising this variety that will require a book, the size of this catalog, to publish. See prices in classified list. This variety produces a fine spike from small planting sizes, practically every No. 6 will flower, and also 5 to 10% of the bulblets. We have had bulblet flowers with 22 buds.

Salmon Glow (Hornberger), 1925. Giant Prim-Grand. Rated 93. "Our First Early" for many years. Flowers before "Tabor" and other early kinds; a real cut flower variety and a wonderful propagator, a rich glowing orange salmon, with large daffodil yellow blotch in throat. Exceptional. See classified list. Color class, orange.

Radiant Queen (Hornberger), new 1928. A glorified "Orange Queen." Extra early, a wonderful rich color combination difficult to describe. See price list. Also membership offer to A. G. S workers.

White Star (Hornberger), new 1928. Commercial rating, 91.7; very tall, pure white, heavy waxy petals, 10 to 14 open at a time; exceptional. See list for prices.
